## **Affordable Housing Report**

The project is moving slowly forward. After a delay of two months to allow any further comments/objections to be submitted to Tewkesbury BC (none were received!), Erin Davies and Martin Hutchins attended the February PC meeting to outline the next steps. The site to the east of the Village Hall overflow car park has been selected for a development of around 10 houses. It is proposed that the site, which will be well set back from the road, will have a joint (enlarged) access with the Village Hall and will have a 'village green' effect. It is proposed that the new 2 – 3 bed homes will be spacious, aesthetically matching the area, and large enough to accommodate reasonable gardens. The next step is to approach Housing Associations. They will draw up plans which they consider to be economically viable and these will be submitted to the village for approval. It is hoped that a more complete document will be available on the village web site within the next 4 – 6 weeks.
